Sangre De Cristo Newsnotes

by Father Dan Jones

May 31, 1974

From the Encyclical Letter of Pope Pius XII, Ad Coeli Reginam, October 11, 1954:

"From the monuments of Christian antiquity, from liturgical prayers, from the religious sense with which the Christian people are endowed, from works of art, everywhere we gather evidences which declare that the Virgin Mother of God is pre-eminent in royal dignity; also the reasons which Sacred Theology deduces from the deposit of divine faith to corroborate this same truth, as we have pointed out. So much testimony is brought forward that it establishes a harmony that, as it were, resounds everywhere, in extolling the exalted height of the royal honor of the Mother of God and of men, to whom all creation is subject, and who is exalted to the heavenly kingdom above the choirs of angels. And thus, after having taken mature and deliberate counsel, and being persuaded that great advantage would accrue to the Church if, as a most radiant light upon a candlestick, this soundly proved truth might more clearly shine upon all men. We, by our Apostolic power, decree and institue the Feast of Mary the Queen, which is to be celebrated every year throughout the world on the thirty-first day of May.

SOME PERSONAL COMMENTS

A postpaid, self-addressed yellow card was enclosed with my last newsletter. To date 146 of these cards have been returned. 20 of these cards were accompanied by $1 to $10 donations to help cover the postage and other expenses. To these generous and thoughtful people, I want to take this opportunity to say thank you very much!

A number of persons receiving this issue of the Sangre De Cristo Newsnotes will not as yet have mailed in the above mentioned card. If I don't hear from these in the near future, chances are they won't be hearing from me again either.

The seven communities of traditional Catholics I'm currently serving are growing steadily. At 6:30 p.m. Sunday, June 16, the faithful Catholics in Stratton, Colorado, will have their lovely new chapel blessed followed by the offering of the Tridentine Latin Mass. I hope to have some pictures from Stratton for the next newsletter. The photo in the upper left is one Evelyn Spencer took of the chapel in my house the day she and her husband drove up to Westcliffe for a picnic and what turned out to be a rather arduous fishing trip. I could hardly believe it when they told me they had bought a camper for their pickup along with a couple sleeping bags, and that they were looking forward to having a go at it again next month. This time I may take them to Hermit Lake, or Horseshoe, or maybe even Eureka. I've been managing to get out into the Sangre De Cristo's about once a week since the advent of spring. May 29th I made the long trek over to North Crestone Lake only to find it frozen solid. On the way back, though, I stopped at Dry Lake and caught four healthy natives.

The MARIAN HOUR RADIO ROSARY BROADCAST--"The Only Program in Radio Whose Audience is On Its Knees!"--"The Most Widely heard Radio Rosary in the Entire World"--Since 1954. From Sacred Heart Chapel, Powers Lake, North Dakota, 58773

Is your local station listed among those which carry the Marian Hour Radio Rosary Broadcast? If not--why not? It could be!

The Marian Hour is on each one of these stations because of the zeal of one individual in the area who aroused interest, found available radio time, and collected money or obtained sponsors. There are a few individuals who even sponsored it entirely themselves.

I think the MARIAN HOUR is the best truly Catholic radio program in America. And, by the way, Father Nelson says that a large part of the mail he receives from the program's listeners is from non-Catholics. Did you know that special instructions are available on how to go about getting the Marian Hour on the air? If you would like to try, drop them a line and ask for these instructions. THE MARIAN HOUR, POWERS LAKE, NORTH DAKOTA, 58773.

IN DEFENSE OF THE FAITH

The Confraternity of Traditional Catholicism, P. O. Box 215, East Meadow, New York 11554, has just published a very timely 125-page book IN DEFENSE OF THE FAITH. The price, $2.50 ($2.25 plus .25 for handling and postage). The introduction was written by Father Francis E. Fenton. Read in Chapter IV how the American Bishops--once shepherds, now hirelings--have been defying Papal Authority. One section in Chapter V is entitled: The "New Mass" Cannot Coexist With The True Church.

REV. GREGORY BAUM - CANADA'S MARXIST POPE

That is the title of the April 26, 1974, issue of the Religious News Edition of THE HERALD OF FREEDOM (published every other Friday by the Herald of Freedom, P. O. Box 3, Zarephath, N. J. 08890--subscription $8 per year, $4 for 6 months). Has the Catholic clergy been infiltrated by Satan's agents? No doubt about it! Many readers of these newsnotes are quite aware that one of the most important clergymen of the left whose impact has been strong not only in Canada and the United States but throughout Europe, is the Reverend Gregory Baum. Space permits me only to tell you here that in this issue of THE HERALD OF FREEDOM, Frank Capell writes: "True converts from Communism openly admit their past and repudiate its ideology. Baum never has. True converts from Communism are attacked by the Party apparatus. Baum never was."
